Though having much talent children from rural do not get platform to display it, we have always been promoting such children through providing them platform on various occasion. ## WOMEN PARTICIPATION ENHANCES GRAM SABHA CAPACITY

The Gram Sabha held on the month October 2015 in 56 panchayats of 4 districts of Sagar, Raisen, Guna and Ashokanagar was specially held for women. Traditional motivating system of increasing the women partnership in local governing bodies like Gram Sabhas, Jan Sunvais etc by pushing and pulling the women by the field staff came to a rest. This time our aim was to teach the dominant male community/ leaders to have a thought over the present scenario of the village need and present condition of family, in which females of the family plays an important role. This was possible only by visiting their individual houses. It was a challenge to increase the female and male ratio for the Gram sabha. The result of which was seen when the Farmers took the decision in the mandal meeting that in this Gram Sabha, every women from a house will come to Gram sabha and it will be conducted only if the women in their panchayat participate in good numbers. A Gram Sabha waiting for the women to participate in good numbers was first to witness in this panchayat.
